REQUEST FOR CERTIFICATE OF CORRECTION

Commissioner for Patents:

A certificate of correction is respectfully requested in the above-identified patent.

The following error was made:

In the claims, column 293, issued claim 6, line 3, “parameter is cultured a stimulus parameter specifying a” is incorrect. As set forth in the Request for Continued Examination filed with the United States Patent and Trademark Office on October 7, 2009, the correct line should read, -- parameter is cultured, a stimulus parameter specifying a --.

Issued claim 6 appears as claim 140 during prosecution.

Attached is the certificate of correction, which indicates the correction to be made, by reference to the column and line numbers in the printed patent. Because the error was made by the Patent Office, no fee is necessary. However if it is determined to be our error, the Director is hereby authorized to charge payment of any fees associated with this communication to Deposit Account No. 19-1090.

Respectfully submitted,
SEED Intellectual Property Law Group PLLC
